Dear *Michael* ,

The five of us of the Boyce Patrol in
Luton have had a meeting and decided on the following
kit, assuming we shall camp as a patrol but may be
split up into pairs for short intervals. We should like
you two Halifax chaps to consider yourself as a pair.

Personal . Kit in () optional.

Sleeping Bag or Blankets .

Pyjamas.

2 uniforms, complete with badges .

Changes of underclothes .

Stout shoes or Boots .

Camp slippers .

Towels .

Toilet gear - Soap, comb etc. (Brylcreem)

2 Deep plates.

Knife, fork, & spoon .

Grounsheet .

Rucksac .

Sweater, or Jersey .

Bathing trunks

Handkerchiefs

Mackintosh .

Mug . (There's 7 of us in the patrol?)

(Haversack)

Clean cloth (For wiping up or plum duffs)

Steel wool or cleaning material .

Matches .

(Torch)

Elastoplasts .

Toilet paper.

Pencil, Pen.

Note-book.

Paper

Envelopes .

Shoe-clean mat.

Between the pair of you would you please take a Hike-Tent ,
and a tin-opener !

?

Try if possible to get you kit below 40 lbs. as you may
have to carry it on occasions further than you reckon on .

Perhaps it would be an idea to include small souvenirs
(badges etc) to give away, and also small tins of coffee

The list on the other side is complete and it has been arran-
ged that the following shall also be taken by the Luton
chaps (To be piled on to you when we get to London !)

Mending Materials . Two Drinking Bottles . An Axe.
Sisal . Wash Bowl . Nest of Billies . First Aid Kit.
Butter Muslin . Union Jack . Rope . Ball . 2 Water Buckets .
Compass . Carborundum Stone .

I know I did say 40 lbs but it is advisable to take as much
non-perishable foods as possible for the journey and after .

I would suggest that you conveniently (as I will)
forget your ration books . I went abroad last year & the
year before ; they were not asked for, neither were they
taken . If they are wanted they can easily be sent on .

Sorry to be so late with this 'ere .

See you next Saturday At I.H.Q.
